Work Experience

Aug 2019 – Current

Plant Engineering Data Specialist
UPS, Hodgkins, IL
- Designed and implemented MySQL relational databases from scratch, as a member of the newly formed Plant Engineering data team.
- Migrated reports and data from the current models to improved, sustainable models using Power BI and R.
- Automated regression tasks using Access macros and monitored proper and efficient department use of server drive space.

Dec 2016 - May 2017

Peer Tutor
College of DuPage, Glen Ellyn, IL
- Collaborated with students to complete homework assignments, identify lagging skills and correct weaknesses.
- Educated students on strategies for effective studying, note and test taking.
- Supported professor's instructions in classrooms by discussing concepts and creating custom practice questions.

Projects

Sep 2019

Alexa Skill
- Robust AWS Alexa Skill that provides the top ten titles of any subreddit to any Amazon Echo & Alexa device.
